DETAILED ACTION

Claims 1-8, 21-25, and 31-34 are currently pending in the instant application. Applicants amended claims 1, 3 and 21 and added new claims 33 and 34 in an amendment filed on May 14, 2007.

I. *Response to Arguments*

Applicant's arguments, filed May 14, 2007 with respect to the objection of claims 1-8, 21-25, 31 and 32 as containing non-elected subject matter and the objection to the abstract for exceeding the 150 word limit have been fully considered and are partially persuasive. The objection to the abstract has been withdrawn. However, the objection to the claims as containing non-elected subject matter is maintained. Applicants have amended the claims wherein R^2 represents C_{1-8} alkyl or phenyl and R^1 is as defined in claim 1. Applicants did not elect this invention. Applicants' elected invention is drawn to a process for the preparation of a compound of formula I wherein R^1 represents C_{1-8} or phenyl and R^2 is as defined in claim 1. The Examiner only searched Applicants' elected invention. It is suggested that Applicant amend the claims to read on the elected invention.

II. *Objections*

Claim Objection-Non Elected Subject Matter

Claims 1-8, 21-25, and 31-34 are objected to as containing non-elected subject matter. To overcome this objection, Applicant should submit an amendment deleting the non-elected subject matter.

III. Conclusion

This application is in condition for allowance except for the following formal matters:

Claims 1-8, 21-25, and 31-34 contain non-elected subject matter.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935). A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
